

Rental Conditions

Rent a Car (FABER) — your perfect choice for discovering Montenegro in a safe car. We offer only Volkswagen cars to meet all customer needs. We guarantee competitive rental prices in Montenegro along with high-quality service.

1. Faber provides the renter with a registered and technically sound vehicle under the conditions defined in this Agreement.
2. By signing, the renter accepts the terms of this Agreement and the Price List, and agrees to the following:
 - The rented car is provided in accordance with the Law on Road Safety.
 - The car must be returned at the end of the agreed rental period, at the location and time specified in this Agreement, or earlier if required by Faber.
 - If the renter wishes to extend the rental, they must contact Faber before the contract period expires.
 - In case of damage or defect, the renter must immediately notify Faber and follow the instructions of authorized staff.
 - The car is to be used only for personal needs and may be driven only by the renter or persons authorized in the contract. Responsibility of these persons is joint.
 - The renter must not drive under the influence of alcohol, drugs, or other psychoactive substances.
 - The renter must not cross state borders without prior approval from Faber.
 - The renter must use all anti-theft protection systems (alarm, lock, immobilizer).
 - A late return will incur an additional charge of $\frac{1}{4}$ of the daily rental rate for every extra hour.
3. In case of theft of the rented vehicle, the renter must reimburse Faber the market value of the vehicle, determined by authorized staff.
4. The renter agrees to pay Faber as follows:
 - Prepayment for the rental period or provision of adequate financial guarantee.
 - Payment of return distance if the vehicle is returned outside the agreed location.
5. If damage occurs (engine, transmission, clutch, or other major parts) due to lack of oil, coolant, overheating, or similar reasons, the renter and Faber will consult the company's service center to assess the damage. If the damage is due to renter's negligence, the renter must compensate Faber in full, including lost profit at the minimum rental rate for the period the vehicle cannot be used. Immediate payment is required.
6. In case of accident, damage, or technical failure, the renter must not leave the vehicle until Faber staff arrives, wait for police, and file an official report. Failure to do so makes the renter liable for all losses and lost profits.
7. The vehicle is insured with mandatory liability insurance in accordance with regulations.
8. The renter must inform Faber in advance of any trip abroad.
9. Fuel policy: the renter must refill fuel according to the amount used. If the car is returned with more fuel than at pickup, Faber does not refund the difference or buy fuel from the client.
10. In case of lost keys, the renter must pay Faber €300 + VAT.
11. In case of lost documents, the renter must pay Faber €300 + VAT.
12. To rent a car, the renter must present a valid driver's license, passport or ID card, and have at least 2 years of driving experience.
13. All traffic fines during the rental period are the responsibility of the renter.
14. Early return of the car (before the contract ends) does not entitle the renter to a refund.
15. If, due to unforeseen circumstances, the booked model is unavailable, Faber will provide a car of the same class or refund the payment.
16. The driver must be between 21 and 65 years old.

17. The Agreement is made in 2 copies, one for each party.

18. A deposit is required when renting a car. The deposit amount depends on the class of the car and starts from €100 (exact amount specified at booking). The deposit is refunded in full if the car is returned on time, without damage, and under the agreed terms. Cash deposits are refunded upon return of the car with a receipt. If damages, fines, or other extra costs occur, the corresponding amount will be deducted from the deposit.

When can the deposit be partially or fully withheld?

1. Late return of the car (without prior notice).
2. Damage to the car caused by renter's fault.
3. Traffic fines issued during the rental period.
4. Missing fuel if the car is returned with less than at pickup.
5. Loss of keys or documents.

The deposit is a standard practice ensuring safety and vehicle protection. If you have any questions — we are always ready to help!
